PRODUCING FOOD SAFE PACKAGING

Are You Prepared for FSMA Compliance?

The deadline for compliance with FSMA was July 26, 2019. FSMA is the FDA's Food Safety Modernization Act. Manchester Packaging Company is prepared. We are now a BRC Global Standards certified facility for packaging. We are prepared to assist you by producing and delivering quality food safe film or bags.

Our Food Safety History

Prior to 2013 Manchester Packaging Company operated by its own set of Food Safety Standards.

Beginning in 2014 Manchester Packaging Company became an AIB International Audited Facility for Food Safe Polyethylene Film and Bags.

In 2018, Manchester Packaging Company improved upon its food safety certification by becoming a BRC Global Standards Certified Facility for our Polyethylene Film and Bags.
